

COUNCIL OF ARCHITECTURE, INDIA

COA-TRC ONLINE TRAINING PROGRAM

on

"An Introduction to Pre-Design"

in association with

Vivekanand Education Society's College of Architecture

Duration: Monday 13th May'24 to Friday 17th May'24

Timing: 10.30 AM to 01.45 PM

INTRODUCTION TO PRE DESIGN

Monday 13th May'24 to Friday 17th May'24

5 Days Program

OBJECTIVES

The program focuses on the importance of understanding the design problem, before proceeding to solve it. Design, essentially a creative process needs to be preceded by a Pre-design, a rational process of understanding architectural and site requirements, the site conditions, and the context.

This requires a detailed study of the individual architectural space functions, site requirements, configurations, and sizes. Similarly, the site needs to be studied in terms of its development potential, physical characteristics, vicinity, and the larger geographical and cultural context.

Pre-design comprising Architectural Programming and Site Analysis is thus, a rational prelude design, which acts as a rational approach to a creative design.

KEY TAKE-AWAY FOR PARTICIPANTS

Following are the key-takeaways for participants:

- Study the formal pre-design documentation that is a standard in international architectural education systems.
- Understand the importance of function in architectural design.
- Understand the importance of the site in architectural design.
- Understand the importance of the context in architectural design.
- Understand the different needs of a multitude of users in the building.
- Study the techniques of converting the stated 'wants' and 'wishes' in the design brief into the needs of the occupants of the building.
- Create a design brief (tutors) and validate it by visits and case studies of similar facilities (students).

"An Introduction to Pre-Design"

in association with

Vivekanand Education Society's College of Architecture

Duration: Monday 13th May'24 to Friday 17th May'24

Timing: 10.30 AM to 01.45 PM

Ar. Naresh Shah
YOJAKA Designs
Mumbai

Dr. Prof. Anand Achari
Principal, VESCOA
Mumbai

Dr. Purva Mange
Head of Design,
SSPAD, Nagpur

Ar. Dipu George
Academic Dean,
TKM SOA, Kerala

Ar. Vinesh Desai
Allana COA
Pune

Ar. Rina Salvi
Allana COA
Pune

Ar. Prasad Anaokar
Architect
Mumbai

TOPICS TO BE COVERED:

TOPIC 1

Inaugural Session
What is Predesign + The
Predesign Process
(Dr. Prof. Anand Achari)
(Ar. Naresh Shah)

TOPIC 3

The Documentation
Process + Goals &
Objectives + Define Users
(Ar. Naresh Shah)

TOIPC 5

Functional Requirement -
Qualitative
(Ar. Naresh Shah)

TOPIC 7

F. R. Quantitative + Site
Analysis
(Ar. Naresh Shah)

TOPIC 9

Site Design + Balance
Predesign Elements
(Ar. Naresh Shah)
(Ar. Prasad Anaokar)

TOPIC 2

Importance of Predesign
(Ar. Prasad Anaokar)

TOPIC 4

Predesign Documentation
(Ar. Purva Mange)

TOPIC 6

Relationship Diagram &
Design
(Ar. Dipu George)

TOPIC 8

Site Program Site Program
(Ar. Rina Salvi)
(Ar. Vinesh Desai)

TOPIC 10

Overview
(Ar. Naresh Shah)
Response & Valedictory
(Dr. Prof Anand Achari)

NOTES:

- Teachers/ architects who wish to register for the training program either under Collaborative Training Program (CTP 2022-23) or as independent individuals may do so by filling up the Google form available on the given link.
- To confirm registration, kindly upload proof of payment towards the registration fees /nomination form on college letterhead before submitting the registration form.
- Link to join the program will be shared one day prior to the program
- This program is not for students.
- E-Certificate of said training program shall be sent via email on registered email id of participants, after successful completion of training program by participant i.e. attending all sessions and submitting all assignments, EOPT and feedback form of training program.
