VISION MISSION

VISION

To develop a vibrant **knowledge-oriented environment** and a center for excellence in the field of Architecture towards creating **sustainable humane habitat**.

MISSION

- To inculcate the culture of **value-based education**.
- To develop an environment for **research and sharing** of knowledge.
- To enable learning towards **excellence with professional** disposition.
- To encourage **creative innovation** in the field of Architecture.
- To sensitize role and design for **sustainable humane habitats**.

The VES College of Architecture is focused towards developing socio-cultural, environmental, technological, aesthetic & philosophical values in Architectural education. Creating a favourable environment for learning, innovation, integration & leadership has been the key focus of the institute.

Member/ Secretary

Education is not the amount of information that is put into your brain and runs riot there, undigested all your life. We must have life-building, man-making, character making, assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man who has got by heart a whole library.

- Swami Vivekanand

MESSAGE

VESCOA will focus towards developing human, socio-cultural, environmental, technological, aesthetics and philosophical values in architectural education. An approach towards an environment of learning, innovation, integration and leadership will be the prime focus. Teaching at VESCOA will be based on the principles of Ekistics. The overall aim is to sensitize the students towards building a sustainable human habitat & achieve excellence in education.

Dr. Prof. Anand Achari

ARCHITECTURE

B.ARCH.
D.ARCH.

VESCOA focuses on developing excellence in education at socio-cultural, environmental, technological, aesthetic, and philosophical values in learning Architecture. To achieve this, VESCOA creates a favorable environment for innovation, integration, and ownership with sensitization towards creating a sustainable humane habitat.

VESCOA is well equipped with a library, laboratory, workshop, and other areas. The Research and Consultancy Cell enables students towards active participation in live projects. They are also encouraged to partake in various competitions - local to international, attend seminars, conferences, workshops, and visit sites to learn by seeing, understanding, and doing things firsthand.

MASTER'S URBAN DESIGN LANDSCAPE ARCHITECTURE

M.ARCH.
M.U.D.
M.L.A.

VESCOA is introducing two Master degree courses, M.Arch. in Urban Design (M.U.D.) and M.Arch. in Landscape Architecture (M.L.A.)

URBAN DESIGN is a field that looks at the public realm, in-between and at the margins of Architecture and Planning. It provides for the present with a pulse on the past and an eye for the future. Urban Design is now.

LANDSCAPE ARCHITECTURE is a discipline that covers the natural and man-made environments with a sense of balance and performance. Not restricted to mere open-to-sky space design, it plays a vital role in ecological terms at all scales and regions.

INTERIOR DESIGN

D. ID.
D. IN.

VESCOA-SOD the skill of design development is acquired through a participatory approach of learning. There is an exposure to interact with industry, community, and people by site visits, attending conferences, and conducting seminars, workshops, elective & specializations offered. Institute organizes site visits, workshops, hands-on & demonstrative methods of teaching - learning approached. Institute also organizes industry collaborative courses, online certificate courses.

Three year full-time Diploma in Interior Design (**D. ID.**) & Three year full-time Diploma in Interior Design & Decoration (**D. IN.**) courses. These courses also offers specialization in Furniture Design/ Computer Graphic Design/ Product Design or Green Interiors for the students to specialize in the selective field.

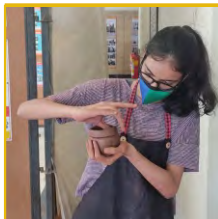

ABHIVRUDDHI CPD

SHORT TERM CERTIFICATE COURSES

VESCOA-CPD selects the most recommended professional development training courses that will improve the knowledge of students learning with industry professionals to develop their professional skills and corporate learning.

Working at VESCOA is collaborative. Learners interact with core faculty and visiting professionals to get the best inputs of theory and practice that provide a balanced understanding of process, procedure, product, and performance. Likewise, engaging with society, and team working gives exposure of experience to enhance their communication skills outside the classroom.
